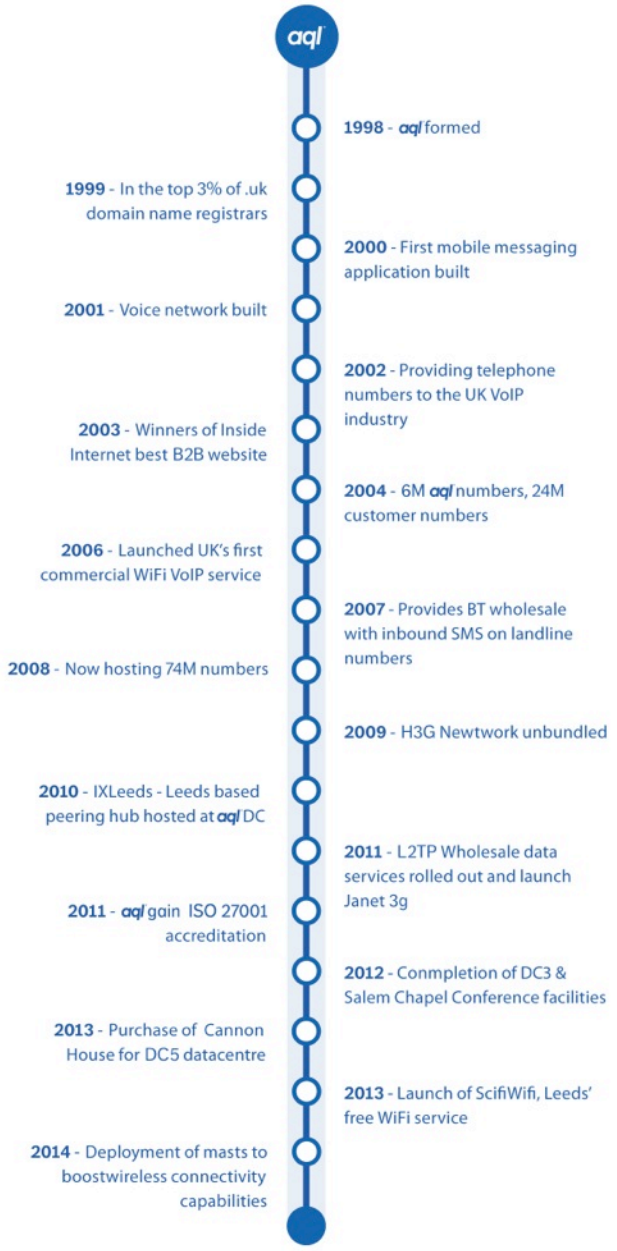
IP Interconnection For Voice

Martin John
Senior Telecoms Architect

SMS | Telecoms | Colocation | Carrier Services | Mobile

AQL Service offering includes

- Wholesale Voice
- MVNO Services
- Messaging Hub
- Data Centre Operator
- IXLeeds



Unregulated vs Regulated Services

- True convergence of Voice and IP is coming ever closer
- IP world for Europe = RIPE
- Voice = Telecoms regulator of each country

Announcing New Number Ranges

From: numberactivation@yahoogroups.co.uk on behalf of [redacted] [numberactivation] [numberactivation-noreply@yahoogroups.co.uk]
